

# Mandalas BY A. T. Mann

When he is not painting mandalas, A. T. Mann (American, b. 1943) divides his time between the practice of astrology, teaching, and writing. From tarot to reincarnation, the topics of his books reflect a broad interest in the world's unseen structures; recent publications include *The Mandala Astrological Tarot* (2009) and *Sacred Landscapes: The Threshold Between Worlds* (2010). In 1976 he created twelve mandalas that pay tribute to a variety of cultures, teasing out connections to the signs of the zodiac, numerology, and universal archetypes. Reproduced here with concise descriptive captions, these intricate, richly detailed mandalas have been displayed in London, Copenhagen, and Majorca; published in many books; and serialized in the Dutch journal *Bres*.
